MINDFUL ART FOR MOMS

## MUSE Script

“Motherhood requires you to live with a lot of anxiety, forever.” These words came from a teary eyed mother who inspired Muse, a community mural app. We make moms their own muse, transforming their own lived experience into a source of artistic inspiration.

Muse offers a space for moms to reflect, express their emotions, and share their art. It’s low-friction, quick, and meets moms where they’re at.
