# ENGR110/210

## Perspectives in Assistive Technology

David L. Jaffe, MS

Professor Drew Nelson

Krystal Le

# Questions?

Ready for your team  
project presentations?

# Mid-term Project Presentations

- Order of presentation (1 – 8)
- Eight minutes (will be timed)
- Submit PowerPoint slides & videos by Wednesday @ 5pm
- If you choose to use your own laptop, your setup time is a part of the eight minutes
- Evaluate other team presentations
- Respond to no more than two questions

# Presentation Tips & Suggestions

- Practice your presentation with your team and friends
  - Choreograph where you stand – foreground & background
- Use laser pointer to focus audience attention
- Prepare the audience for what you plan to present
  - Agenda slide
  - Big picture items first – details later
- You don't have time to present everything you have done in any detail

# Presentation Points

1. Introduction of team members including team and project names
2. Background: statement and magnitude of problem
3. Interviews with project suggestors and users who would benefit from a solution
4. Identification and determination of need
5. Research of existing solutions and discussion of their limitations
6. Brainstorm activities: description and visualization of design concepts considered and prototypes built
7. Description of designs: technical feasibility, engineering difficulty, estimated cost, user acceptance, functionality, performance, safety considerations, tradeoffs, etc
8. Current project activities and status, including challenges encountered
9. Plans for the remainder of the quarter

# Judging Metrics

- Process: problem identification, background research, design concepts brainstormed and prototyped, project progress
- Presentation: clarity, organization, and completeness of the information presented
- Design: creativity, originality, functionality of the design concepts and the likelihood they will meet the user's needs

# Comments

What did the team learn, what are your LIKES and WISHES about what they did, and what are your recommendations, suggestions, and advice for the team?

# Mid-term Report

1. Due Tuesday, February 19<sup>th</sup>
2. Emailed to me
3. At least 5 pages
4. See <http://engr110.stanford.edu/assignment1.html#report>

# Agenda

- Antique assistive technology devices
- Presentation - Memories, Lost & Found: Engaging Families, Caregivers & Those with Memory Loss – Rita Ghatak & Philip von Stade

# Old Wheelchair Designs

# Orange County Chopper

- Christopher & Dana Reeve Foundation
- [Video](#)

# Thursday

## Mid-term Team Project Presentations

- NeuroSky Project
- Wheelchair Wheel Washer
- Flat House Project
- Inhaler Appearance
- Monkey Bar Prosthetic
- Sock Donning Aid
- Students with Autism
- Dressing Aids

# Today

## **Memories, Lost & Found: Engaging Families, Caregivers & Those with Memory Loss**

Rita Ghatak, PhD & Philip R. von Stade, Jr.

# Short Break

Class  
Dismissed!
