Mid-term Evaluation Comments

- Good comments, bad comments, how to evaluate?
- Everyone has a different perspective, opinion, and level of understanding
- Not everyone is “right” – misunderstandings
- Conflicting comments on content and/or presentation
- Some evaluators may pick up on a detail, not on your major point
- Emphasize major points with separate slide
- **Make you own honest judgment on comments that could be helpful**
- Same goes for your mid-term report
