Graduate Students: Part of the Solution!

- Graduate students contribute in all facets of the life of the department
- Faculty serve as mentors and collaborators
- Our goal for our students is success at Stanford and beyond

Key Program Features

- All admitted students are fully supported for 5 years of study.
- All graduate students TA 5 quarter-length courses (starting in the second year).
- All students take a core course in each of the five areas, as well as graduate-level statistics.
- Research skills, research presentation skills, teaching, and citizenship are all important aspects of graduate training in the department.
