# Pill Pal

✳ **Connect and Remember**

PROBLEM

People managing chronic conditions often struggle to **take their medications consistently,** due to isolation, complex routines, and/or lack of support.
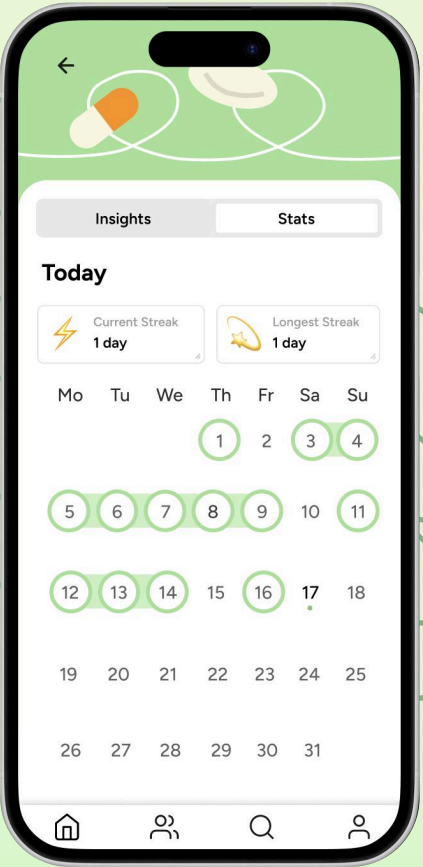

SOLUTION

Pill Pal turns medication adherence into a shared journey by offering **voice logging, personalized reminders,** and **Care Circles** that keep users connected.

Coordinate care effort-lessly with your circle.

Tracks your progress with detailed data.

Create reminders and follow routine easily.

Simplifies dosage with voice-based logging.
