

# memreprise

where music and memories meet

## Problem

People often have deep, yet hard-to-quantify associations with their favorite music.

## Solution

Get a surprise notification daily!  
Log the song you are currently listening to and answer the question of the day.

### Key Features

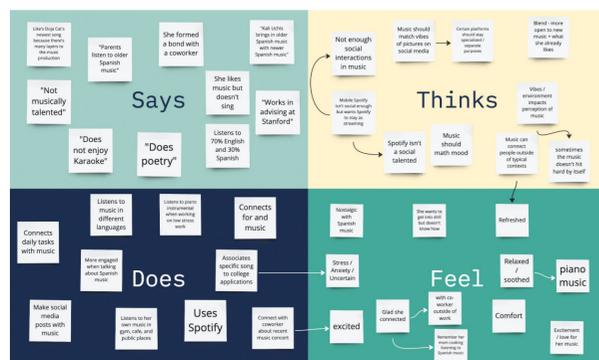

Create posts with themed questions of the day!

Discover new songs with curated playlists.

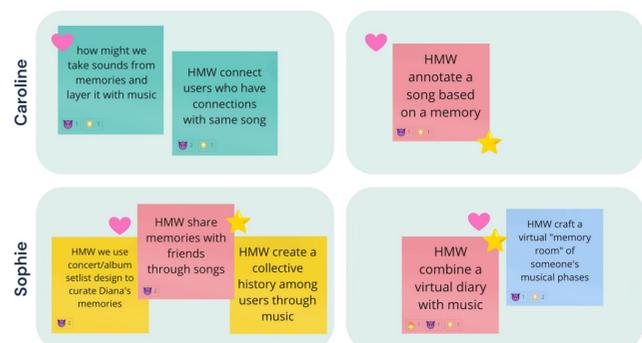

View and filter songs you previously listened to.

### Design Iterations

#### 1. Needfinding

#### 2. Brainstorming

#### 3. Low-Fi Prototype

#### 4. Med-Fi Prototype
