

**KB:** Hi sharks, we are **revisit**— the app you need to get your travel plans out of the group chat.

**EL:** We solve two big pain points: 1. The horror of being stuck as the designated trip planner, and 2. The chaos of managing your trip activities across multiple platforms.

**IC:** With **revisit**, you can browse real, community-curated itineraries and create your own itinerary together with friends— all in one place.

**TH:** Let's browse, plan, and travel—together, with revisit.
