ENGR 108, Summer 2024 Homework Wrapper

Please reflect on the assignment you just completed using the questions below. There are no correct answers. As long as you engage with the questions you will receive credit.

| • | How much time did you spend working on this assignment? When did you start working on it? |
|---|--|
| | |
| • | What resources did you use while completing the assignment? Were some more helpful than others? |
| | |
| • | Which questions on the assignment felt easier? Which felt more difficult? Based on this information, which concepts from the class do you think you understand well, |
| | and which do you want to understand better? |
